

## **Solicitation Policy Effective August 31, 2015**

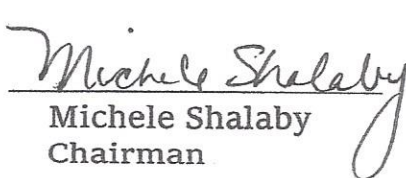

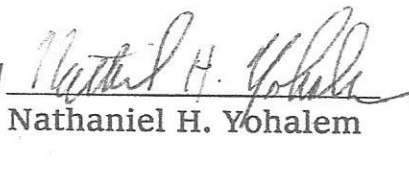

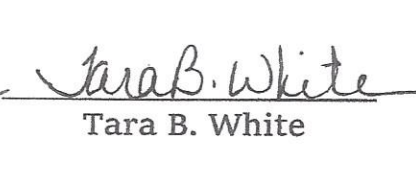

If any solicitors wish to contact New Marlborough residents at their homes, we require the following:

Register with the New Marlborough Police Department of your presence, at least two business days in advance.

Respect and obey all signs posted by residents regarding solicitors (e.g. "No Solicitors", "No Trespassing").

Approach the most obvious guest entrance door and, in a customary way, signal your presence no more than twice. If there is no response, please leave the premises directly and immediately. Do not approach any other doors or parts of the house.

When an occupant of the house responds, immediately identify yourself with a picture identification provided by your employer.
