

TOWN OF NEW MARLBOROUGH
807 Mill River Southfield Road, Mill River, MA 01244-0099

PLANNING BOARD MINUTES

February 15, 2012

The meeting was called to order at 7:00 p.m. with J. Mullen, P. Hardyman, H. Morse in attendance.

The Planning Board reviewed the draft of an article written by Ms. Morse for the March issue of The New Marlborough Five Village News. The article contains information about the revision of New Marlborough's Protective Bylaws and will act as part of the public outreach on the proposed Bylaw changes. The Board reviewed the deliverables cited in the 2012 DLT A grant award which include:

- Working with the Planning Board to determine the appropriate village boundaries for each of the villages;
- Creating an official zoning map that reflects the district boundaries;
- Conducting public outreach sessions to educate the public on the proposed bylaw; and
- Providing technical assistance at the public hearing (s) and at Town Meeting.

It was agreed that The Board members would use the next two weeks to complete the exercise of drawing village boundaries on the maps provided by BRPC, Berkshire Regional Planning (Commission). The members will bring those to the next meeting.

Ms. Morse was tasked with creating The Planning Board Annual Report for FY2011. She will submit it when committed to Secretary of The Selectboard, The Town Clerk and The Selectboard.

All business having been concluded, the meeting adjourned at 8:23 p.m.

Submitted by:

Holly Morse
(Acting as Secretary)
