

## Rabies Control Program

Please be advised that some of New Marlborough's closest neighbors have experienced problems with rabid animals. As a rule of thumb, if you see an animal acting erratically, do not approach the animal – get away from it as soon as possible. This is also a reminder to have all your animals, including dogs, cats, and large animals such as horses, sheep, etc. vaccinated against rabies and that those vaccinations are up to date. If you are concerned about the behavior of an animal, please call our animal control officers immediately:

Prudence Spaulding	413-229-8407
John Springstube	413-232-7038

If you want additional information on rabies, please visit the State website at: [www.mass.gov/agr](http://www.mass.gov/agr) and click on Rabies Control Program.
