LAST CALL

TOWN HALL PLANNING ONLINE STRAW POLL

August 21, 2023

To: New Marlborough Resident Citizens

From: Town Hall Planning Committee

Re: Future of Town Hall Straw Poll

In June, the Town Hall Planning Committee held two in-person public information listening sessions to update the Town on the current options for a new or renovated Town Hall.

The slide presentation is published on the website and the straw poll questions can be answered anonymously using an online survey.

There was an [OPEN HOUSE](#) at Town Hall and Robin Hall on Sunday, August 6 from 10:00 am to 2:00 pm to give residents an opportunity to tour the buildings and see a representation of a potential new building.

This is the same straw poll that you may have responded to during the listening session. If you wish, you may respond to this online version as well, as your opinions may have changed since that time. **Please respond only once to this online poll. The link to the online straw poll can be accessed at the end of this presentation. The poll will remain open until August 24.**

Click to access the presentation and the online survey:
