

New Marlborough Library Trustees' Minutes

January 19, 2021

Sally called the meeting to order with Debbie present, Claudette by phone and Carrie attending later.

The minutes were corrected and accepted.

Debbie reported that Le Provost came at the wrong time. A possible estimate for the UV system might be \$2000. The UV system would help reduce mildew and mold and other germs. Not sure about COVID.

The Annual Report is due. Sally and Debbie will write about the library response to the COVID epidemic.

Sheila Koneazny is working on Wednesdays.

Debbie has contacted Lynn Webster at New Marlborough School concerning virtual story time with crafts for the students.

We have not received word about the next year's budget. We will increase by 2 percent.

Knitting group has been small. Book Group will meet the end of January.

Jessica Roseman's family has donated many mystery books. We will package them to sell as a fund raiser.

The next meeting was changed to February 19 at 9 am.

Respectfully submitted, Claudette Callahan
