

NOTICE TO ALL RESIDENTS

August 4, 2020

The Police Department has notified the Town that there will be census takers in New Marlborough beginning this week. These people will only be contacting those that have not sent in their 2020 census yet. They will not ask to come into your home and will have an identification badge and a black briefcase.

The rate for New Marlborough is only at 41.3%. The higher the rate of return will determine the amount of state and federal monies that will be available to our Town. Please take the time to speak with them and complete the questionnaire.
