

# DIRT ROAD VULNERABILITY ASSESSMENT PUBLIC LISTENING SESSIONS – SAVE THE DATE

The Towns of Sheffield, New Marlborough, and Sandisfield have received a Municipal Vulnerability Preparedness (MVP) Action Grant from the Commonwealth of Massachusetts to conduct a **VULNERABILITY ASSESSMENT AND RECOMMENDATIONS REPORT on DIRT ROAD** transportation infrastructure. The purpose of this assessment is to 1) better understand how climate change is affecting rural dirt road infrastructure, 2) develop a methodology to evaluate the vulnerability of rural dirt roads, and 3) develop recommendations to increase the resilience of the dirt road transportation system in Western, Massachusetts.

Please join us for a **PUBLIC INFORMATION SESSION** to learn about this important project.
