Protective By-law

For the

Town of New Marlborough

Effective October 7, 1966

As amended STM December 14, 1987 with corrective amendment of June 30, 1994; Amended ATM May 5, 2003; Amended STM August 25, 2008; May 4, 2015; Amended STM April 13, 2018; Amended ATM May 7, 2018; Amended ATM May 6, 2019; Amended ATM May 22, 2021; Amended ATM May 2, 2022)

SECTION 1: PURPOSE

- 1.1 The purpose of the By-law is to provide the Town of New Marlborough all the protection authorized by the General Laws of the Commonwealth of Massachusetts, Chapter 40A and any amendments thereof, and to protect the health, safety and general welfare of the inhabitants of New Marlborough.**

SECTION 2: ZONING DISTRICTS

2.1 Types of Districts

- 2.1.1** For the purpose of this bylaw, the Town of New Marlborough is hereby divided into two districts as follows:

Rural Residential District (RRD)

Village Center Residential District (VCRD)

2.2 The Zoning Map

- 2.2.1** The location and boundaries of these districts are hereby established as shown on a map entitled "Zoning Map of New Marlborough, Massachusetts" with date of adoption, bearing the signatures of the members of the Planning Board and on file in the office of the Town Clerk, which map, with all explanatory matters thereon, is hereby made a part of this chapter.

2.3 Interpretation of District Boundary Lines

- 2.3.1** Street. For the purpose of interpretation of district boundaries as shown on the Official Zoning Map, where a street constitutes a zone boundary, the centerline of that street is the boundary.
- 2.3.2** Water Bodies. Boundaries indicated as following shorelines of lakes or ponds shall be construed to follow such shorelines.
- 2.3.3** Other Boundaries. Boundaries which appear to run parallel to the features indicated above shall be so construed. Distances not specifically indicated on the Official Zoning Map shall be determined by the scale of the map.
- 2.3.4** Split Lots. Where a district boundary line divides a lot that was in single ownership on the effective date of this ordinance, the following rules shall apply:
 - 2.3.4.1** The Board of Selectmen may permit, as a special permit, the extension of regulations for either portion of the lot not to exceed 50 feet beyond the

district line into the remaining portion of the lot.

2.3.4.2 The Board of Selectmen may authorize an access road from the less restricted portion of the lot through the more restricted portion of the lot upon the grant of a special permit.

2.3.5 Interpretation. In cases of uncertainty or disagreement concerning the exact location of a district boundary line or where physical features existing on the ground are at variance with those shown on the Official Zoning Map or in other circumstances not covered herein, the district boundary shall be determined by the Zoning Board of Appeals. (Approved ATM 05.06.19; AG 11.19.19)

SECTION 3: PERMITTED USES/USE REGULATIONS

3.1 No dwelling, structure of land or any part thereof shall be used for any purpose unless authorized:

3.1.1 As a use by right

3.1.2 Under special permit granted by the Board of Selectmen

3.1.3 Under variance granted by the Board of Appeals

3.1.4 Under applicable law at the time such use began and provided such use has continued until present time

3.2 **Rural Residential District and Village Center Residential District**

3.3 **Use by Right** (*The following uses are allowed by right in both Rural Residential District and Village Center District:*)

3.3.1 Single Family Dwelling

3.3.1.2 Accessory Dwelling, existing on or before May 5, 2003, subject to the following conditions:

- A. The exterior appearance of the building shall not be altered except for the purpose of safety (stairs for fire escape), health (weather protection for the main entry such as enclosed entry or drip edge protection) or handicapped accessibility requirements (ADA compliance) or to meet building code requirements, nor shall the footprint of the building be enlarged.
- B. The minimum lot size requirement shall be two (2) acres and the minimum frontage requirement shall be 150 feet.
- C. One of the two units on the lot shall be occupied by the owner of the lot, and in the event of the sale of the property, the new owner shall occupy one of the two units as a primary residence.
- D. There shall be no more than one accessory dwelling per lot created under this bylaw.

- E. The maximum gross floor area (GFA) shall not exceed 1,200 square feet.(ATM 5.4.15) (AG 11.4.15)

3.3.1.3 Accessory Apartment

A. Purpose.

1. Add moderately priced rental units to the housing stock of the Town. (ATM 5.4.15) (AG 11.4.15)
2. Provide homeowner(s) with a means of obtaining rental income, accommodation for caregiver(s), companionship, security and/or services, thereby enabling him/her to stay more comfortably in their homes.
3. Protect property values and the single-family residential character of neighborhoods by ensuring that accessory apartments are permitted by right only on owner occupied premises.

B. Accessory Apartments. An accessory apartment May be permitted by right, as an accessory use where the principal use of the lot is an owner occupied single- family dwelling.

C. Accessory Apartments, shall be subject to the following conditions:

1. In accessory apartment shall only be constructed within an existing principal building or structure or an existing attached accessory building or structure.
2. Only one (1) accessory apartment shall be permitted on a lot.
3. The maximum gross floor area of an accessory apartment constructed within a principal building or structure shall not exceed forty percent (40% of the maximum gross floor area of principal building or structure. The maximum gross floor area of an accessory apartment shall not be less than 300 square feet. The principal dwelling unit shall not be reduced to less than 300 square feet.
4. To qualify as an accessory apartment, the owner of the lot must occupy either the accessory apartment or the principal dwelling unit.
5. The principal or accessory structure or building that will contain an accessory apartment shall not be enlarged or extended in connection with the construction or modification of an accessory apartment, except to comply with building, safety or health codes as outlined in Section 3.3.1.2.A of these By-Laws.

6. All parking for the occupant(s) of an accessory apartment shall be off-street in accordance with Section 7.3.1.4 of these By-Laws.
7. An accessory apartment shall meet all applicable standards of the State Building Code (780 CMR) and the State Environmental Code, Title V (310 CMR 15.00) and subsequent revisions thereof.

3.3.2 Any lawful residential, municipal or non-profit recreational purpose.

3.3.3 Any religious or non-municipal educational purpose subject to Section 6.1.

3.3.4 Any agricultural use except commercial piggeries, fur farming, slaughterhouse or greenhouses.

3.3.5 The following commercial purposes, but no others:

3.3.5.1 The display and sale of natural products, the major portion of which are raised in the Town

3.3.5.2 The use of a room or rooms in a dwelling or accessory building by a resident occupant for the practice of a recognized profession or by a resident carpenter, painter, plumber, electrician or other artisan in connection with his trade, including display and sale of products produced on the premises, or by a resident engaged in the customary home occupation, provided that there is no evidence of business other than a permitted sign.

3.3.5.3 Renting of rooms and furnishing of board by an owner in his residence provided no independent kitchen facilities are maintained.

3.3.6 Buildings or structures related to the above uses.

3.4 Uses by Special Permit only (*The following uses may only be allowed by Special permit in both the Rural Residential District and Village Center Residential District*)

3.4.1 The following uses are permitted if approved, after a public hearing thereon, by permit from the Board of Selectmen who shall determine that the use will not be injurious, noxious or offensive, and that such use is consistent with the intent of the by-law.

- 3.4.1.1 Commercial Greenhouses
- 3.4.1.2 Gallery
- 3.4.1.3 Sawmill
- 3.4.1.4 Antique, craft or gift shop
- 3.4.1.5 Summer camp, golf course, boat livery,
riding
stable
- 3.4.1.6 Ski tow
- 3.4.1.7 Restaurant
- 3.4.1.8 Facility for generating power from wind
or
water
- 3.4.1.9 Enclosed veterinary hospital

3.4.1.10 Municipal and public service buildings, structures and use

3.4.1.11 Display and sale of natural products, the major portion of which are raised outside of Town

3.4.1.12 Scrap and salvage yard

3.4.1.13 Sales and service of vehicles

3.4.1.14 Accessory Dwelling either new construction or modification of an existing freestanding building constructed after May 5, 2003.

3.4.2 Multifamily dwelling, subject to the following requirements:

3.4.2.1 Construction plans elevations, and the location of the building(s) on the lot must be submitted to the Planning, Board of Health, Conservation Commission and the Building Inspector for their recommendations to the Board of Selectmen. The recommendations shall be submitted within thirty (30) days of the date the plans are submitted.

3.4.2.2 Design plans shall contain provisions for not more than six (6) dwelling units. No building shall exceed thirty-

five (35) feet in height. Such plans shall also contain provisions for adequate water and sewage disposal facilities.

3.4.2.3 Lot shall contain a minimum of one (1) acre for the first dwelling unit and three (3) acres for each additional unit. The lot shall contain a minimum of one hundred fifty (150) feet of frontage for the first unit and one hundred (100) feet of frontage for each additional unit.

3.4.2.4 Dwelling units, parking areas and playgrounds shall not be less than one hundred (100) feet from All property lines.

3.4.3 Conversion of a single family dwelling into a multifamily dwelling of two (2) or more units, without meeting the requirements of 4.1, if in the Rural District, or 4.2, if in the Village Center Residential District, as to lot lot area, frontage and as to distance from property boundary line may be permitted by the Board of Selectmen provided that:

3.4.3.1 The single-family dwelling has not been enlarged within seven (7) years of the proposed conversion.

3.4.3.2 The lot area has not been reduced below the minimum within seven (7) years of the proposed conversion.

3.4.3.3 Any fire escapes or outside stairways leading to a second story shall be located on any wall not facing a road and shall not occupy any part of the rear or side setback.

3.4.3.4 No exterior addition to the original dwelling shall thereafter be made other than fire escapes and outside stairways.

3.4.3.5 No dwelling shall be converted unless in connection therewith it is placed in reasonable state of repair.

3.4.4 Accessory dwelling on a lot with less than two (2) acres or less than 150 feet of frontage, subject to the conditions set forth in Section 3.3.1.2 and Section 7.3.1.1.

3.4.5 Any other use determined by the Board of Selectmen to be similar in character to one or more uses

specifically authorized herein, provided the Board finds that the proposed use is in harmony with the general purpose and intent of this by-law and not offensive or detrimental to the neighborhood.

3.4.6 The Board of Selectmen may impose additional safeguards and requirements for any use under this section as in their judgment are necessary for the protection of the public health, safety and welfare.

3.4.7 Every use permitted by right or authorized by special permit under the provisions of this by-law shall be subject to the State Building Code, State Sanitary Code and the Town's Board of Health Regulations and any other applicable statutes, bylaws and regulation, including Parking and Sign Regulations.
(ATM 05.06.19; AG 11.19.19)

3.5 Nonconforming Structures, Uses and Lots

3.5.1 These procedures shall not apply to structures or uses lawfully in existence or lawfully begun at the time of adoption of this by-law as provided in Section 6, Chapter 40A (MGL).

3.5.2 Any pre-existing nonconforming structures or may be rebuilt or reestablished within two (2) years if damaged or destroyed by fire or other catastrophe.

3.5.3 Pre-existing nonconforming structures or uses may be extended, altered or changed to another nonconforming use by Special Permit from the Board of Selectmen provided that the Board finds that such a change, extension or alteration shall not be substantially more detrimental to the neighborhood than the existing nonconforming use.

3.5.4 A nonconforming use of land or structure which has been abandoned or not used for a period of two (2) years or more shall not be reestablished, except by Special Permit and any future use of such premises shall be in conformance with these instructions.

3.5.5 Nonconforming lots of record and lots shown on a plan endorsed by the Planning Board under Subdivision Control Law are exempt from the provisions of this By-Law to the extent and as provided in Section 6, Chapter 40A (MGL).

SECTION 4 LOT SIZE AND FRONTAGE

4.1 In the Rural Residential District, no dwelling or accessory Building shall be erected or placed on a lot having less than one (1)

acre in the area or having less than one hundred and fifty (150) feet in frontage or be placed closer than forty (40) feet to the street line or twenty five (25) feet from side or rear lot line. No more than one (1) dwelling shall be erected or placed on any such lot.

4.2 In the Village Center Residential District, no dwelling or accessory building shall be erected or placed on a lot having less than one (1) acre in area or having less than seventy-five (75) feet in frontage or be placed closer than twenty (20) feet to the street line or twenty five (25) feet from side or rear lot line. No more than one (1) dwelling shall be erected or placed on any such lot.

4.3 Nothing in this By-Law, however, shall prohibit the construction, alteration or enlargement of a single family dwelling or other permissible building on a lot, which contains a lesser area or frontage if the lot was separately owned and was so, recorded in the Southern Berkshire Registry of Deeds at the time of the adoption or amendment of this By-Law.

SECTION 5 TRAVEL TRAILER, MOBILE HOME

5.1 A Travel Trailer or Mobile Home may be permitted by the Selectmen in accordance with the provisions of the General Laws, in their capacity as enforcing agents, to be occupied for temporary living quarters by the owner of the premises on which it is located for one (1) year, provided that such owner is in the process of constructing a dwelling for his occupancy, and further provided that such Travel Trailer or Mobile Home is and dwelling being constructed will be in conformity to the Sanitary Code of the Commonwealth of Massachusetts. Such permit may be extended if the work on the dwelling is proceeding in good faith.

5.2 A Travel Trailer or Mobile Home issued a permit by the Board of Selectmen and located and occupied prior to the adoption of this By-law, may continue to be used provided a certificate from the Board of Health is submitted to the Board of Selectmen stating compliance with the Sanitary Code of the Commonwealth of Massachusetts, and further provided that such Travel Trailer or Mobile Home may be replaced by another on the same premises and under the same conditions. Notwithstanding other provisions of this Section (5), a Travel or Mobile Trailer may be parked upon the owner's premises provided the same is not used for purposes of human habitation of such site.

Section 6 Sign Regulations

6.1 Permitted Accessory Signs

- 6.1.1** A sign not exceeding two (2) square feet in area and bearing only names of residents or their identification of premises not having commercial connotations.
- 6.1.2** One sign not exceeding six (6) square feet in area for a permitted accessory use on the premises with a permit from the Board of Selectmen
- 6.1.3** No more than two (2) signs for a commercial or other non-residential use not exceeding sixteen (16) square feet in total area except by permit from the Board of Selectmen.

6.2 Sign Restrictions

- 6.2.1** No sign shall be illuminated by other than shaded or indirect white incandescent light of constant intensity and no sign shall be illuminated by flashing, intermittent, rotating, moving light or lights or have any visibly moving parts or noise-making devices.
- 6.2.2** No sign or light shall be placed so as to constitute a hazard or nuisance.
- 6.2.3** No sign shall be placed on the roof of any building or structure or extend above the parapet or eave line.
- 6.2.4** A free standing sign may not exceed fifteen (15) feet in height above grade or be closer to the front property line than twenty (20) feet except with a permit from the Board of Selectmen where the Board finds that requirements of the particular location dictate greater height or smaller setback.
- 6.2.5** Temporary signs which do not comply with this By-law may be authorized for a period not over ten (10) days by the Board of Selectmen for special events such as an opening of a new business or industry or announcing a public event sponsored by a civic, fraternal, social or religious organization. The Board of Selectmen may, at their discretion, require the posting of a bond or cash deposit large enough to cover the cost of removal of temporary signs if signs are not removed promptly after expiration of the permit.
- 6.2.6** Any sign, which has been abandoned or advertises any product, business or activity, which is no longer, sold or carried on, must be removed within thirty (30) days by the owner of the premises after notice to that effect from the Board of Selectmen.

SECTION 7 ADMINISTRATION/GENERAL REGULATIONS

7.1 Non-Municipal Education or Religious Use

7.1.1 Any non-municipal educational or any religious use is subject to the following regulations.

7.1.1.1 Maximum building height two (2) stories or thirty-five (35) feet.

7.1.1.2 Maximum building coverage four percent (4%) of the land area.

7.1.1.3 Setback two hundred (200) foot buffer surrounding the property to be kept undeveloped except for entrance and exit roadways.

7.1.1.4 Primary access roads and principal parking areas subject to frequent day or night use shall be approved by the Planning Board to meet subdivision requirements for safety and health of the community. Primary shall be at least twenty (20) feet wide and shall not exceed a six percent (6%) grade.

7.1.1.5 Parking areas shall be subject to Section 7.3.

7.1.1.6 Parking areas shall be within three hundred (300) feet of the building to be served.

7.2 Measurements

7.2.1 All distances in this By-law shall be measured horizontally and all heights shall be measured vertically.

7.3 Parking

7.3.1 Suitable off-street parking area shall be provided on all premises in accordance with the following schedule for each building or structure, which is erected, altered or enlarged after the effective date of this By-law.

7.3.1.1 Dwelling: off-street parking for two (2) cars per dwelling unit.

7.3.1.2 Accessory home occupation or office: one (1) space for each non-resident employee plus one (1) space per one hundred (100) square feet of floor area for clients.

7.3.1.3 Business: one (1) space for each employee plus one (1) space per one hundred (100) square feet of floor area for customers.

7.3.1.4 Accessory Dwelling: Two off-street parking spaces for the principal unit and at least one off-street parking space for the accessory dwelling. Each parking space and the driveway approach thereto shall be constructed with all-weather permeable gravel suffice. Shared parking with municipal or commercial uses can be considered to meet the requirements, if made a condition of the building permit.

SECTION 8 ZONING BOARD OF APPEALS AND SPECIAL PERMITS

8.1 Membership and Authority

8.1.1 There shall be a Zoning Board of Appeals consisting of three (3) members and two (2) associate members to be appointed by the Board of Selectmen as provided in Section 12, Chapter 40A of the General Laws. The Board shall act within its statutory powers as provided in Section 14, Ch. 40A (MGL) and on matters within its jurisdiction under this By-law in a manner prescribed in Section 15, Ch. 40A (MGL). The Zoning Board of Appeals shall act also as the Board of Appeals under the Subdivision Control Law as provided in Chapter 41, Section 81Z of the General Laws.

8.2 Statutory Powers of the Zoning Board of Appeals

8.2.1 Appeals

The Board is authorized to hear and decide an appeal, as provided in Section 8, Ch. 40A (MGL) taken by any person aggrieved by reason of his (her) inability to obtain a permit or enforcement from any administrative officer under the provision of Ch. 40A (MGL) by the Berkshire County Regional Planning Commission, by any person including an officer or Board of the Town, of an abutting Town, aggrieved by an order or decision of the Building Inspector or other administrative official, in violation of any provision of Ch. 40A (MGL) or of this By-law. Any such appeal must be taken within thirty (30) days of the date of the order or decision which is being appealed, by filing a notice of appeal with the Town Clerk, as provided in Section 15, Ch. 40A (MGL).

8.2.2 Variances

The Board may authorize upon appeal or upon petition with respect to a particular land or structure a variance from the terms of this By-law where the Board specifically finds that owing to circumstances relating to the soil conditions, shape or topography of such land or structures and especially affecting such land or

structure but not affecting generally the zoning district in which it is located, literal enforcement of the provisions of this By-law would involve substantial hardship, financial or otherwise, to the petitioner or appellant, and that desirable relief may be granted without substantial detriment to the public good and without nullifying or substantially derogating from the intent or purpose of this By-law.

8.2.3 Decisions by the Zoning Board of Appeals

The decision of the Zoning Board of Appeals shall be made within seventy-five (75) days of the date of the filing of an appeal, application or petition of the Town Clerk, except in regard to Special Permits as provided in Section 8, number 6, herein. Failure by the Zoning Board of Appeals to act with said seventy-five (75) days shall be deemed to be the grant or relief application or petition sought.

8.2.4 Expiration of Variance

If the rights authorized by a variance are not exercised within one (1) year of the date of grant of such variance, they shall lapse and re-established only after notice and a new hearing as provided in Section 7, number 3 herein.

8.3 Special Permit Granting Authority

8.3.1 The Board of Selectmen are designed as Special Permit Granting Authority to hear and decide on applications for Special Permits upon which such Board is specifically authorized to act in accordance with the provisions of Section 9, Ch. 40A of the General Laws.

8.3.2 Required Hearing and Notice

Special Permits may only be issued following public hearings held within sixty-five (65) days after filing of an application with the Board of Selectmen. Notice of Public Hearing shall be given by publication in a newspaper of general circulation in the Town once in each of two (2) successive weeks, the first publication to be not less than fourteen (14) days before the day of the hearing and by posting such notice in a conspicuous place in the Town Hall for a period of not less than fourteen (14) days before the day of such hearing and by mailing it to "Parties in interest" as provided in Section 11, Ch. 40A (MGL) which includes the petitioners, abutters, owners of land of land directly opposite on any public or private street or way and the owners of land within three hundred (300) feet of the property line, all as they appear on the most recent applicable tax list.

8.3.3 Review by Other Boards and Agencies

The Special Permit Granting Authority shall within ten (10) days of receipt of an application for a Special Permit, transmit a copy thereof for review to the Board of Health, the Planning Board, the Conservation Commission and any other municipal board or agency. Any board or agency to which such applications are referred for review shall make such recommendations, as they deem appropriate, in writing, provided however, the failure to make recommendations within thirty-five (35) days of receipt by such board or agency for review shall be deemed lack of opposition thereto.

8.3.4 Findings Required

Before granting a Special Permit for any use requiring such permit under a provision of the By-law, the Special Permit Granting Authority shall find that the proposed use.

8.3.4.1 Is in compliance with all other provisions and requirements of the Town of New Marlborough By-laws and in harmony with its general intent and purpose

8.3.4.2 Is essential or desirable to the public convenience or welfare at the proposed location.

8.3.4.3 Will not be detrimental to the adjacent uses or to the established or planned future character of the neighborhood.

8.3.4.4 Will not create undue traffic congestion or unduly impair pedestrian safety.

8.3.4.5 Will not overload any public water, drainage, sewer system or other municipal facility to such an extent than the proposed use or any existing use in the immediate area or any other area of the Town will be unduly subjected to the hazards affecting public health, safety general welfare.

3.3.7 Roof or building-mounted solar photovoltaic installations.

8.4 Conditions, Safeguards and Limitations

Special Permits may be issued subject to such conditions, safeguards or limitations as the Special Permit Granting Authority may impose for the protection of neighboring uses or otherwise serving the purpose of this By-law.

8.5 Decisions by Special Permit Granting Authority

The Special Permit Granting Authority shall act within ninety (90) days of the date of the public hearing. Failure to take final action upon an

application for a Special Permit within said ninety (90) days shall be deemed to be a grant of the permit applied for.

8.6 Expiration of a Special Permit

A Special Permit shall lapse in one (1) year unless a substantial use or construction has begun under the permit by such date and, in the case of construction, the work is carried through to completion as continuously and expeditiously as is reasonable.

8.7 Special Permit for Accessory Use

A Special Permit may be issued for an accessory use to a use by right, whether or not on the same parcel, which is necessary in connection with scientific research or development or related production, provided the Board finds that the proposed use does not substantially derogate from the public good.

8.8 Telecommunications

1. Purpose and Goals

The purpose of this by-law is to establish guidelines and the special permitting process for the siting of wireless communication facilities, towers and antennas. The goals of this by-law are to include: (i) minimizing adverse impacts of wireless communication facilities, satellite dishes and antennas on abutting properties, residential neighborhoods, traveled ways and areas of historic or high scenic value, (ii) encourage the location of towers and antennas, to the extent possible, in areas where adverse impact on the community is minimal, (iii) encourage strongly the shared use of new and existing tower sites and to minimize the overall number and height of such facilities to only what is essential, (iv) encourage users of towers and antennas to configure them in a way that minimizes the adverse visual impact of the towers and antennas, and (v) enhance the ability of the providers of telecommunications services to provide such services to the community quickly, effectively, and efficiently.

II: Definitions

ALTERNATIVE TOWER STRUCTURE shall mean man-made trees, clock tower, bell steeples, light poles and similar alternative design mounting structures that camouflage or conceal the presence of antennas or towers.

ACT: The **Communications Act of 1934**, as it has been amended from time to time, including the **Telecommunications Act of 1996**, and shall include future amendments to the Communications Acts of 1934 and 1996.

ANTENNA: Any structure or device used to collect or radiate electromagnetic waves, including both directional antennas, such as

panels, microwave dishes and satellite dishes and omni-directional antennas, such as whips but not including satellite earth stations.

ANTENNA HEIGHT: The vertical distance measured from the base of the antenna support structure at grade to the highest point of the structure. If the support structure is on a sloped grade, then the average between the highest and lowest grades shall be used in calculating the antenna height.

ANTENNA SUPPORT STRUCTURE: Any pole, telescoping mast, tower tripod, or any other structure which supports a device used in the transmitting or receiving of radio frequency energy.

B. O. S.: shall mean the Board of Selectmen.

CAMOUFLAGED ANTENNA: Any antenna and support structure that is manufactured as to be modeled after and mimic a tree. The support pole would look like “bark” and the antennas would be concealed as “branches”.

DISH ANTENNA: a dish like Antenna used to link communications sites together by wireless transmission of voice or data. Also called microwave antenna or microwave dish antenna.

DISTANCE: shall be measured on a horizontal plane.

EFFECTIVE RADIATED POWER (ERP): The product of the antenna power input and the numerically equal antenna power gain.

FAA: shall mean the Federal Aviation Administration.

FCC: shall mean the Federal Communications Commission.

GROUND STRUCTURE: shall mean a wireless communication structure anchored to the ground.

GOVERNING AUTHORITY: shall mean the governing authority of the Town of New Marlborough.

HEIGHT: shall be the distanced measured from ground level to the highest point on the structure.

LATTICE TOWER: A guyed or self-supporting three or four sided, open, steel frame structure used to support telecommunications equipment.

MONOPOLE TOWER: A communications tower consisting of a single pole, constructed without guy wires and ground anchors.

NON-RESIDENTIAL STRUCTURE: shall mean such structures as, but not limited to, buildings, grain silos, and water towers, but does not include houses, or apartments.

ROOF STRUCTURE: shall mean a wireless communication structure mounted on a roof of a building or the top of a water tower.

SELF SUPPORT TOWER: A communication tower that is constructed without guy wires and ground anchors.

TOWER: shall mean any structure that is designed and constructed primarily for the purpose of supporting one or more antennas, including self-supporting, lattice tower, guy towers, common carrier towers, cellular telephone towers, alternative tower structures, and the like.

WIRELESS COMMUNICATION BUILDING: shall mean any building or shelter used to house equipment primarily for the installation and operation of equipment for generation and detecting electromagnetic radiation, and is an accessory to wireless communication structure.

WIRELESS COMMUNICATION DEVICE: shall mean any antenna, appurtenance, wiring or equipment used in connection with the reception or transmission of electromagnetic radiation which is attached to a structure.

WIRELESS COMMUNICATION FACILITY: shall be used as a general term to include wireless communication building, wireless communication device, and wireless communication structure.

WIRELESS COMMUNICATION STRUCTURE: shall mean any structure or tower intended to support equipment used for the transmission and reception of electromagnetic radiation, including the antennas, wiring or other devices attached to or mounted on a structure.

III. Exemptions

The following shall be exempt from this by-law:

- A. Wireless communication facilities used for Town or State emergency services.
- B. Amateur radio towers used in compliance with the terms of any amateur radio service licensed by the federal Communication Commission and used solely for that purpose.
- C. Wireless communication structures and devices used expressly for home television and radio reception.

IV. General Guidelines

- A. No wireless communication facility shall be erected, constructed, or installed without a Special Permit from the Board of Selectmen.
- B. Only free-standing monopoles with associated antenna are allowed. Lattice style tower and similar facilities requiring three or more legs and/or guy wires for support are not allowed.
- C. Alternative Tower Structures and Camouflaged Antennas shall be preferred over all other types of wireless communication structures and antennas as to minimize adverse impacts on abutting properties, residential neighborhoods, village centers, traveled ways and areas of historic or scenic value.
- D. Wherever feasible, wireless communication devices shall be located on existing tower or other non-residential structures, minimizing proliferation of new towers.
- E. Wireless communication structures shall be built so that the structural integrity of the facility is able to accommodate devices operated by another carrier with little or no modification.
- F. Wireless communication building shall be no larger than 500 square feet and 12 feet high, shall be designed to match other accessory building on the site, and shall be used only for the housing of equipment related to this particular site.

V. Siting and Height Requirements

A. Setbacks

- 2. The minimum distance from the base of the wireless communication structure to any property line or road right-of-way shall be at least 1.5 times the height of the structure to ensure adequate fall zone.
- 3. The setbacks for the wireless communication building shall comply with the setback requirements for the zoning district.
- 4. The wireless communication structure shall be a minimum distance of three times the height from school buildings, playgrounds, athletic fields, and abutting residences to prevent the structure from appearing to “tower” over; adversely affecting property values.
- 5. No tower shall be situated within 600 feet of any residential structure.

- B. The height shall be the minimum height necessary to accommodate anticipated and future use.

VI. Design Requirements

- A. Wireless communication structures shall be designed to accommodate the maximum number of users as technologically possible.
- B. There shall be no signs or advertisements, except for no trespassing signs and a required sign giving a phone number where the responsible party can be reached on a 24-hour basis.
- C. All wireless communication devices shall be colored, molded, and/or installed to blend into the structure and/or the landscape.
- D. The facility shall be fenced to control access to the tower structure, and accessory buildings. Fencing shall be between six feet (6') and eight feet (8') high. Fencing may be protective in nature, but shall not include a spun barbed wire design. A landscape buffer of evergreen shrubs or tree planting shall be provided on the outside of the fenced area. The shrub or tree planting shall mature to a minimum height equivalent to the fence height and be planted a height of at least four feet (4').
- E. Night lighting of the facility shall be prohibited unless required by the FAA. If required by the FAA, a copy of the FAA permit requiring lighting shall be submitted with the application.
- F. There shall be a minimum of one parking space for each facility to be used in connection with the maintenance of the site and not to be used for the storage of vehicles or other equipment.
- G. Existing on-site vegetation shall be preserved to the maximum extent possible.
- H. Vegetation screening shall be used to screen the facility from abutting residential properties and roadways. Plants that fit in with the surrounding natural vegetation shall be used.

VII. Application Process

Application for a Special Permit for siting wireless communication facilities shall be filed in accordance with the rules and regulations already established in the Towns By-Laws and with the Board of Selectmen.

In the case of a proposal for siting a new wireless communication structure, the Board of Selectmen shall hold a public hearing with Sixty-five days of filing of an application and shall issue a decision with ninety days following the date of the public hearing.

- A. To site a new wireless communication structure, the applicant shall submit:

1. Site plans and engineering plans, prepared by a professional engineer licensed to practice in Massachusetts, on 24" x 36" sheets at a scale of 1" = 40' or 1" = 200' where appropriate, on as many sheets as necessary which shows the following.
 - a. North arrow, date, scale, seal(s) of the licensed professional(s) who prepared plans and space for reviewing licensed engineer's seal.
 - b. Name and address of landowner and name and address of abutters.
 - c. Property lines and location of permanent structures or building, within 600 foot radius of proposed wireless communication structure.
 - d. Existing (from a topographical survey completed within 2 years of application submittal date by a professional surveyor licensed to practice in Massachusetts) and proposed contour lines at a maximum of 2 – foot intervals and spot elevations at base of all proposed and existing structures.
 - e. Vegetation to be removed or altered.
 - f. Plans for drainage of surface water and plans to control erosion and sedimentation both during construction and as a permanent measure.
 - g. Delineation of wetlands, if any.
 - h. Location of wireless communication structure, including supports or guy wires, if any.
 - i. Plans for anchoring and supporting the structure, including specifications of hardware and all other building material.
 - j. Plans for accessory buildings.
 - k. Layout and details of surfacing for access road and parking.
 - l. Amenities such as lighting, fencing, and landscaping.
 - m. Four view lines in a one to three-mile radius of the site, beginning at True North and continuing clockwise at ninety-degree intervals, plus additional view lines from any historic, scenic, or other prominent areas of the Town as determined by the Board of Selectmen.
 - n. Plans for a well or other water source, if any.
 - o. Plans for septic system, if any.
 - p. Plans for maintenance of roads necessary to access and maintain the property.
2. A map showing the areas covered/served by the proposed wireless communication structure and device of different signal strengths and the interface with adjacent service areas.

3. A locus map at a scale 1" = 1000' or larger if necessary, to show where in the town the proposed tower is sited, which shall show streets, building, and landscape features.
4. A description of the soil and surficial geology at the proposed site.
5. A narrative report written by the carrier and licensed professional engineer which shall:
 - a. Describe the justification of the proposed site.
 - b. Describe the structure and the technical, economic, and other reasons for the facility design.
 - c. Describe the capacity of the structure, including the number and type of additional facilities it can accommodate.
 - d. Describe actions to be taken if electromagnetic radiation from the facility should exceed level designated by the FCC and/or the Act.
 - e. Describe the projected future needs of the carrier, and how the proposed wireless communications facilities fit with the future projections to serve the Town and adjacent towns.
 - f. Describe leasing agreement should another carrier desire to co-locate.
 - g. Describe special design features to minimize the visual impact of the proposed wireless communication facility.
 - h. Describe other carriers' purposes should they co-locate.
6. Proof of approval of all other necessary permits needed for construction and operation, other than the building permit, as the special permit granted by the B.O.S. is required before the issue of the building permit.
7. Written authorization or copy of contract from property owner of the proposed tower site.
8. After the application is submitted, and not less than 14 days or more than 21 days before the public hearing, the applicant shall arrange to fly a four-foot diameter balloon at the site of the proposed wireless communication structure at the maximum height of the propose installation, to photograph from various

8.9 Solar Photovoltaic Installations

8.9.1 Purpose. The purpose of this by-law is to provide a permitting process for solar photovoltaic installations for cost-effective, efficient, and timely implementation to increase the use of distributed generation; to integrate these installations into the Town in a manner that minimizes their impacts on the character of neighborhoods, on property values, and on the scenic, historic, and environmental resources of the Town; and to protect

health and safety.

8.9.2 Applicability. This section applies to solar photovoltaic installations proposed to be constructed after the effective date of this bylaw amendment. This section also applies to modifications that alter the type, number, configuration or size of any solar photovoltaic installation.

8.9.3 Definitions.

8.9.3.1 Applicant: A person or entity that has ownership of a lot(s) that may apply to construct a solar photovoltaic installation. The applicant for a project may also be the owner of said lot(s).

8.9.3.2 Impervious Area of a Solar Panel: The area of impervious surface of a solar panel shall be calculated as if the solar panel projects straight down to the ground on each side, as illustrated in the figure below.

8.9.3.3 Large-Scale Solar Photovoltaic Installation: A ground-mounted solar photovoltaic installation that occupies one eighth (1/8th) of an acre or more or occupies less than one eighth (1/8th) of an acre and generates electricity for the purpose of off-site use.

8.9.3.4 Operator: A person or entity that is primarily responsible for the daily operation of a solar photovoltaic installation.

8.9.3.5 Roof or Building-Mounted Solar Photovoltaic Installation: A roof-mounted or building-mounted solar photovoltaic installation of any size.

8.9.3.6 Small-Scale Solar Photovoltaic Installation: A ground-mounted solar photovoltaic installation that occupies one eighth (1/8th) of an acre or less and generates electricity for the purpose of on-site use.

8.9.3.7 Solar Photovoltaic Installation: A device, structure, or structural design feature, the substantial purpose of which is to provide for the generation, collection, storage and distribution of solar energy.

8.9.4 Roof or Building-Mounted Solar Photovoltaic Installations.

8.9.4.1 A roof or building-mounted solar photovoltaic installation is allowed by right only after the issuance of a building permit by the Building Inspector.

8.9.5 **Small-Scale Solar Photovoltaic Installations.**

8.9.5.1 A small-scale, ground-mounted solar photovoltaic installation is allowed by right only in a Rural Residential District after issuance of a Building Inspector.(ATM05.02.22:AG 3.13.23)

8.9.5.2 Small ground-mounted solar photovoltaic solar panels in the Village Residential District requires a Special Permit. (ATM05.02.22; AG 3.13.23)

8.9.5.3 Design Requirements.

- A. Height. A small-scale solar photovoltaic installation shall not exceed twenty feet (20') in overall height.
- B. Setbacks. A small-scale solar photovoltaic installation shall not be placed closer than forty feet (40') to the street line or twenty-five feet (25') from side or rear lot lines.
- C. Screening. A small-scale solar photovoltaic installation shall be screened year-round with dense native vegetation from all adjoining properties and public and private ways. This requirement may be waived by the Special Permit Granting Authority.
- D. Vegetation Clearing. The clearing of vegetation shall be limited to that which is necessary for the construction, operation, maintenance, modification and removal of a small-scale solar photovoltaic installation.
- E. Habitat Fragmentation. A small-scale solar photovoltaic installation shall, to the greatest extent practicable, be clustered and located in or adjacent to areas of the site where the land has already been cleared of vegetation to avoid habitat fragmentation.
- F. Invasive Species. The introduction of invasive species shall be prevented to the greatest extent practicable, during any construction or removal of a solar photovoltaic installation, through the use of current best practices.
- G. Underground Utilities. All on-site utilities shall be located underground to the greatest extent practicable.

8.9.5.4 **Abandonment and Removal**

- A. A small-scale solar photovoltaic installation shall be deemed abandoned when the installation has not been in operation for a period of twelve (12) months.
- B. After twelve (12) months of non-operation, the Building Inspector shall provide written notification to the owner/operator that such small-scale solar photovoltaic installation is presumed to be abandoned. The owner/operator has thirty (30) days to rebut the presumption of abandonment by submitting evidence to the Building Inspector that the small-scale solar photovoltaic installation has been in operation during the relevant twelve (12) month period.

- C. If the owner/operator does not respond within the thirty (30) day appeal period or does not submit evidence that, in the discretion of the Building Inspector, proves that the small-scale solar photovoltaic installation has been in operation for the relevant twelve (12) month period, then the small-scale solar photovoltaic installation shall be deemed abandoned. The Building Inspector shall provide written notification of abandonment to the owner/operator.
- D. The owner/operator of the small-scale solar photovoltaic installation shall remove the installation and restore the site within one-hundred eighty (180) days of the date of the written notification of abandonment. If the owner/operator fails to remove the small-scale solar photovoltaic installation within one-hundred eighty (180) days, the Town shall have the right, to the extent it is duly authorized by law, to enter onto the proposed site and physically remove the small-scale solar photovoltaic installation and restore the site at the sole expense of the owner/operator.

8.9.6 Large-Scale Solar Photovoltaic Installations.

8.9.6.1 A large-scale solar photovoltaic installation may be allowed as a primary use or an accessory use after the issuance of a Special Permit from the Special Permit Granting Authority in accordance with Section 8.9 and Section 8.3 “Special Permit Granting Authority.”

8.9.6.2 The construction, maintenance, operation, modification and removal of a large-scale solar photovoltaic installation shall comply with all applicable local, state, and federal requirements.

8.9.6.3 The applicant shall demonstrate ownership over the proposed site sufficient to allow for the construction and operation of a large-scale solar photovoltaic installation.

8.9.6.4 The applicant shall demonstrate that it has received conditional approval to connect a large-scale solar photovoltaic installation to the electric grid from the utility provider. Off-grid installations are exempt from this requirement.

8.9.6.5 The owner/operator of the large-scale solar photovoltaic installation shall maintain the site, at their own expense, according to an Operation and Maintenance Plan (OMP) to be submitted with the Special Permit application. The OMP shall be reviewed and approved by the local Fire Chief, Emergency Medical Service and Highway Superintendent, and/or their designee(s). The OMP shall also specify whether the owner or the operator is responsible for compliance with the plan. While the Special Permit Granting Authority may impose site specific requirements to be addressed by the OMP, the OMP shall describe the method of maintenance and party responsible for each of the following:

- A. Access roads
- B. Site access
- C. Stormwater control measures
- D. Security measures
- E. Signage

- F. Site lighting
- G. Structural repairs, including the solar photovoltaic installation equipment
- H. Vegetation and vegetation screening

8.9.6.6 Proof of liability insurance in an amount and form acceptable to the Special Permit Granting Authority shall be maintained until a large-scale solar photovoltaic installation has been removed. All subsequent owners/operators shall continue to provide proof of liability insurance in the form and amount approved by the Special Permit Granting Authority to the Building Inspector on an annual basis.

8.9.6.7 Financial Surety.

A. Prior to construction, applicants seeking to construct a large-scale solar photovoltaic installation shall provide a form of surety to cover the cost of removal and restoration of the site in the event the site is abandoned. The amount and form of surety shall be determined by the Special Permit Granting Authority, but in no instance shall the amount exceed one-hundred twenty-five (125%) percent of the estimated cost of removal. Applicants shall submit a fully inclusive cost estimate, which accounts for inflation, of the costs associated with the removal of the large-scale solar photovoltaic installation prepared by a registered professional engineer. Said cost estimate shall be reviewed by the applicant, or any successor, every five (5) years from the date of the final installation and adjusted as necessary. This updated cost estimate shall be transmitted to the Special Permit Granting Authority.

B. No less than ninety (90) days prior to the expiration of any financial surety required by this bylaw, the current operator of the large-scale solar photovoltaic installation shall provide the Building Inspector with renewed, extended or replacement financial surety in an amount and form determined by the Special Permit Granting Authority in accordance with this bylaw.

8.9.6.8 Design Requirements.

A. Height. A large-scale solar photovoltaic installation shall not exceed twenty feet (20') in overall height.

B. Setbacks. A large-scale solar photovoltaic installation shall not be placed closer than forty feet (40') to the street line or twenty-five feet (25') from side or rear lot lines.

C. Lighting. No lighting of the solar photovoltaic installation is permitted, except for manually operated lights for use only when operating personnel are on site.

D. Screening. A large-scale solar photovoltaic installation shall be screened year-round with dense native vegetation from all adjoining properties and public and private ways.

E. Vegetation Clearing. The clearing of vegetation shall be limited to that which is necessary for the construction, operation, maintenance, modification and removal of a large-scale solar photovoltaic installation.

F. Habitat Fragmentation. A large-scale solar photovoltaic installation shall, to the greatest extent practicable, be clustered and located in or adjacent to areas of the site where the land has already been cleared of vegetation to avoid habitat fragmentation.

G. Invasive Species. The introduction of invasive species shall be prevented to the greatest extent practicable, during any construction or removal of a solar photovoltaic installation, through the use of current best practices.

- H. Security Measures. A large-scale solar photovoltaic installation shall be secured with a seven foot (7') high fence constructed to prevent unauthorized persons from accessing the large-scale solar photovoltaic installation.
- I. Signs. The owner/operator shall install signs at a large-scale solar photovoltaic installation as determined by the Special Permit Granting Authority for public safety and shall include emergency contact number(s).
- J. Emergency Access. A large-scale solar photovoltaic installation and access roads shall be constructed and maintained to allow for safe access by emergency vehicles.
- K. Emergency Response Plan. The owner/operator of a large-scale solar photovoltaic installation shall develop an emergency response plan and provide copies to the Town's fire chief and police chief.
- L. Underground Utilities. All on-site utilities shall be located underground except where the utilities connect into the electric grid at the property boundary.

8.9.6.9 Findings Required. In addition to the findings required in Section 8.3.4, before granting a Special Permit for a large-scale solar photovoltaic installation, the Special Permit Granting Authority shall find that the proposed large-scale solar photovoltaic installation:

- A. Is not detrimental to the long term agricultural viability of the Town.
- B. Minimizes the amount of clearing of forested land.
- C. Is not sited on ridgelines.
- D. Is not detrimental to important scenic views or vistas in the Town.

8.9.6.10 Filing Requirements. Applications to construct or modify a large-scale solar photovoltaic installation must be submitted to the Special Permit Granting Authority in the form of site plan(s). The application package must include seven (7) physical copies and one (1) electronic copy in PDF format provided on a flash drive, CD or similar electronic version, or transmitted via email. All site plans must be drawn at an appropriate scale and signed by a registered professional engineer or licensed surveyor. The site plan(s) must include the following information:

- A. The names, mailing addresses, phone numbers, email addresses, and signatures for the applicant, owner and operator.
- B. Physical address (if one exists) and the map, lot and block number of the proposed site.
- C. Property lines of the proposed site and all those within six hundred feet (600') of the property.
- D. Elevation contour lines at two-foot vertical intervals.
- E. Outlines of all existing and proposed buildings and structures on the proposed site and those within six hundred feet (600') of the proposed site, including distances from the proposed large-scale solar photovoltaic installation.
- F. Existing and proposed access roads, driveways, public ways, private ways, and recreational trails on the proposed site.
- G. Detailed layout of the proposed large-scale solar photovoltaic installation, including, but not limited to, panel mounts, foundations, appurtenant equipment and fencing type and height.
- H. Detailed layout of the electric infrastructure to connect the large-scale solar photovoltaic installation to the electric grid or net metering equipment.

- I. Delineation of all wetland resources and associated buffer areas, in accordance with the Massachusetts Environmental Policy Act (MEPA) guidelines and regulations.
- J. Locations of rare, threatened or endangered species existing on the site, in accordance with the Natural Heritage Endangered Species Program (NHESP) guidelines and regulations.
- K. Proposed changes to the site, including grading, cut and fill, landscaping, native vegetation for screening and vegetation to be removed or altered.
- L. Engineering controls at the site and on the access road to control erosion and sedimentation both during construction and after construction as a permanent measure. Such engineering controls shall conform to the Massachusetts Department of Environmental Protection's Stormwater Policy.
- M. Technical Information:
 - (1) Blueprints or drawings of a large-scale solar photovoltaic installation signed by a registered professional engineer showing the proposed layout of the installation and any potential shading from nearby trees or structures.
 - (2) One or three-line electrical diagram detailing the solar photovoltaic installation, appurtenant equipment and electrical interconnection methods with all National Electric Code compliant devices.
 - (3) Documentation of the major large-scale solar photovoltaic installation components to be used, including but not limited to solar photovoltaic panels, panel mounts and inverter.

8.9.6.11 Technical Review. Upon receipt of an application for a large-scale solar photovoltaic installation, the Special Permit Granting Authority may engage professional and technical consultants, at the applicant's expense, pursuant to M.G.L. Chapter 44 § 53G to assist the Special Permit Granting Authority with its review of application materials. The Special Permit Granting Authority may direct the applicant to deposit funds with the Special Permit Granting Authority for such review at the time the application is accepted and to add additional funds as needed upon notice. Failure to comply with this section shall be good grounds for denying the Special Permit application. Upon the approval or denial of the application, any excess amounts in the account attributable to the application process, including any interest accrued shall be refunded to the applicant.

A. A View Shed Analysis regarding the proposed large-scale solar photovoltaic installation and its relation to surrounding properties may be required upon request by the Special Permit Granting Authority.

8.9.6.12 Request of Production Report. Upon issuance of a Special Permit, the SPGA may require a production report annually from the applicant that demonstrates the functionality of the large-scale solar photovoltaic installation.

8.9.6.13 Abandonment & Removal.

A. A large-scale solar photovoltaic installation shall be deemed abandoned when the large-scale solar photovoltaic installation has not been in operation for a period of twelve (12) months.

B. After twelve (12) months of non-operation, the Building Inspector shall provide written notification to the owner/operator that such large-scale solar photovoltaic installation is presumed to be abandoned. The owner/operator has thirty (30) days to rebut the presumption of abandonment by submitting evidence to the Building Inspector

that the large-scale solar photovoltaic installation has been in operation during the relevant twelve (12) month period.

C. If the owner/operator does not respond within the thirty (30) day appeal period or does not submit evidence that, in the discretion of the Building Inspector, proves that the large-scale solar photovoltaic installation has been in operation for the relevant twelve (12) month period, then the large-scale solar photovoltaic installation shall be deemed abandoned. The Building Inspector shall provide written notification of abandonment to the owner/operator.

D. The owner/operator of the large-scale solar photovoltaic installation shall remove the large-scale solar photovoltaic installation and restore the site within one-hundred eighty (180) days of the date of the written notification of abandonment. If the owner/operator fails to remove the large-scale solar photovoltaic installation within one-hundred eighty (180) days, the Town shall have the right, to the extent it is duly authorized by law, to enter onto the proposed site and physically remove the large-scale solar photovoltaic installation and restore the site at the sole expense of the owner/operator.

8.9.6.14 Lapse of Approval. Any Special Permit shall automatically lapse if the large-scale solar photovoltaic installation is not installed and functioning within two (2) years or the large-scale solar photovoltaic installation is abandoned as defined in Section 8.9.6.13. (ATM05.07.18; AG 11.13.18)

8.10 Marijuana Establishments and Medical Marijuana Treatment Centers

8.10.1 Purpose:

The purpose of this Section 8.10 is to provide for the placement of Marijuana Establishments and Medical Marijuana Treatment Centers in suitable locations in the Town of New Marlborough (the "Town") as allowed in Section 20 of the bylaws of the Town and in recognition of and in accordance with "The Regulation of the Use and Distribution of Marijuana Not Medically Prescribed," M.G.L. c. 94G and "Medical Use of Marijuana," M.G.L. c. 94I. A specific purpose of this Section 8.10 is to safeguard the Town and the Town's built and natural environments by ensuring compliance with state law in a manner consistent with community and neighborhood concerns, while also ensuring that those entities permitted to operate a Marijuana Establishment or a Medical Marijuana Treatment Center, as defined herein, comply with the relevant provisions of Chapter 334 of the Acts of 2016, Chapter 351 of the Acts of 2016, Chapter 55 of the Acts of 2017, and the regulations promulgated by the Cannabis Control Commission found at 935 CMR 500.000 and 935 CMR 501.000 et seq. This Section 8.10 is intended to provide additional local protections to the Town not included in the preceding regulations.

8.10.2 DEFINITIONS (for the purposes of this Section 8.10 only):

BUILDING HEIGHT – *As defined by applicable building code.*

BUILDING FOOTPRINT – *The area on a project site used by the building structure or structures defined by the perimeter of the building plan.*

CANNABIS CONTROL COMMISSION OF THE COMMONWEALTH OF MASSACHUSETTS (CCC).

GROSS BUILDING AREA – *The area included within surrounding exterior walls exclusive of vent shafts and courtyards. Areas of the building not provided with surrounding walls shall be included in the building area if such areas are included within the horizontal projection of the roof or floor above. Non-mechanical underground building area shall be included in the Gross Building Area.*

HOST COMMUNITY AGREEMENT (HCA) – *A required municipal process separate and apart from the CCC licensing process described in 935 CMR 501.000 and 502.000 and in the CCC Guidance Letter – Guidance for Host Community Agreements.*

INDOOR CULTIVATION – *Growing marijuana plants in:*

A. A Building. *Defined as any structure used or intended for supporting or sheltering any use or occupancy including a purpose-built metal, modular or prefabricated structure.*

B. A permanent greenhouse.

LIMIT OF CONSTRUCTION (LOC) – *The boundary, determined by setbacks from applicable property lines, inside of which all structures and constructed features shall be located. For this definition structures and constructed features include:*

A. Buildings

B. Fences

C. Parking surfaces and associated structures

D. Service structures such as garages, utility sheds and mechanical equipment enclosures.

E. Mechanical equipment

F. Greenhouses – permanent and temporary

G. Porches or other covered exterior spaces

H. Loading docks and delivery areas

I. Security buildings and equipment

J. Underground spaces

K. Outdoor cultivation

L. Site lighting

Signage (including address, business identification, and way findings signs, subject to local controls), entry driveway lighting, landscaping and certain decorative features may be placed on the property outside of the LOC.

MARIJUANA or CANNABIS – *All parts of any plant of the genus Cannabis, not excepted in 935 CMR 500.002: Cannabis or Marijuana (a) through (c) and whether growing or not; the seeds thereof; and resin extracted from any part of the plant; clones of the plant; and every compound, manufacture, salt, derivative, mixture or preparation of the plant, its seeds or resin including tetrahydrocannabinol as defined in*

M.G.L. c. 94G, § 1; provided that Cannabis shall not include: (a) the mature stalks of the plant, fiber produced from the stalks, oil, or cake made from the seeds of the plant, any other compound, manufacture, salt, derivative, mixture or preparation of the mature stalks, fiber, oil, or cake made from the seeds of the plant or the sterilized seed of the plant that is incapable of germination; (b) hemp; or (c) the weight of any other ingredient combined with Cannabis or Marijuana to prepare topical or oral administrations, food, drink or other products.

MARIJUANA ESTABLISHMENT (ME) – For the purposes of this bylaw, going forward, a ME refers exclusively to a Marijuana Research Facility.

MARIJUANA or CANNABIS PRODUCTS (MP) – Marijuana or Cannabis Products means Marijuana or Cannabis and its products, unless otherwise indicated. Marijuana or Cannabis Products includes products that have been manufactured and contain Marijuana or Cannabis or an extract from Marijuana or Cannabis, including concentrated forms of Marijuana and products composed of Marijuana and other ingredients that are intended for use or consumption, including edible Cannabis Products, beverages, topical products, ointments, oils and tinctures. Cannabis or Marijuana Products include Marijuana-infused Products (“MIP”) defined in 935 CMR 500.002.

MEDICAL MARIJUANA TREATMENT CENTER (MTC) – Formerly known as a Registered Marijuana Dispensary (RMD), means an entity licensed under 935 CMR 501.101: Application Requirements for Medical Marijuana Treatment Center, that acquires, cultivates, possesses, processes (including development of related products such as edible Marijuana, MPs, MIPs, tinctures, aerosols, oils, or ointments), transports, sells, distributes, delivers, dispenses, or administers Marijuana, products containing Cannabis or Marijuana, related supplies, or educational materials to registered qualifying patients or their personal caregivers for medical use. Unless otherwise specified, MTC refers to the site(s) of dispensing, cultivation, and preparation of Cannabis or Marijuana for medical use or as amended by the CCC.

OUTDOOR CULTIVATION – The cultivation of mature Cannabis without the use of artificial lighting in the canopy area at any point in time. Artificial lighting is permissible only to maintain immature or vegetative Mother Plants.

Growing marijuana plants in:

- A. An open field.
- B. In the ground or in raised beds on the ground with no cover.
- C. A temporary greenhouse, hoop house, high tunnel or cold frame.

RURAL RESIDENTIAL DISTRICT (RRD)

RESEARCH FACILITY – An entity licensed to engage in research projects by the CCC. This entity is allowed to cultivate, purchase, and /or acquire Marijuana to conduct research regarding Marijuana and Marijuana Products.

SPECIAL PERMIT GRANTING AUTHORITY (SPGA) – The SPGA is the Board of Selectmen of the Town.

STORY – Floors above grade plane, as defined by applicable building code.

VILLAGE CENTER RESIDENTIAL DISTRICT (VCRD)

8.10.3 DESIGNATED LOCATIONS AND DIMENSIONAL REQUIREMENTS FOR MEs AND MTCs

8.10.3.1 MEs prohibited by Section 20 of the bylaws of the Town are prohibited from operating in all zoning districts in the Town.

8.10.3.2 MEs and MTCs are permitted to operate in the Town per the following table: 8.10.3.2 Schedule of Dimensional Requirements.

8.10.3.2 SCHEDULE OF DIMENSIONAL REQUIREMENTS

RURAL RESIDENTIAL DISTRICT

| Minimum Lot Area (Acres) | Minimum Frontage (ft) | Minimum Front Setback to Limit of Construction (ft) | Minimum Side Setback to Limit of Construction (ft) | Minimum Rear Setback to Limit of Construction (ft) | Maximum Total Gross Building Area (sf) | Stories (#) | Maximum Building Height (ft) | Maximum Outdoor Cultivation Area (sf) |
|--------------------------|-----------------------|---|--|--|--|-------------|------------------------------|---------------------------------------|
| 5 | 150 | 200 | 200 | 200 | 10,000 | 2 | 35 | 20,000 |
| 5 | 150 | 200 | 200 | 200 | 10,000 | 2 | 35 | 20,000 |

A. Medical Marijuana Treatment Center (indoor and/or outdoor cultivation, manufacturing and dispensary must be co-located on one lot)

B. Research Facility (indoor and/or outdoor cultivation and research operations must be co-located on one lot)

VILLAGE CENTER RESIDENTIAL DISTRICT

| Minimum Lot Area (Acres) | Minimum Frontage (ft) | Minimum Front Setback to Limit of Construction (ft) | Minimum Side Setback to Limit of Construction (ft) | Minimum Rear Setback to Limit of Construction (ft) | Maximum Total Gross Building Area (sf) | Maximum Stories (#) | Maximum Building Height (ft) | Maximum Outdoor Cultivation Area (sf) |
|--------------------------|-----------------------|---|--|--|--|---------------------|------------------------------|---------------------------------------|
| 1 | 75 | 20 | 25 | 25 | 2,500 | 2 | 35 | x |
| 1 | 75 | 20 | 25 | 25 | 2,500 | 2 | 35 | x |

A. Medical Marijuana Treatment Center (indoor cultivation, manufacturing and dispensary must be collocated on one lot. Outdoor cultivation prohibited)

B. Research Facility (indoor cultivation and research operations must be co-located on one lot. Outdoor cultivation prohibited)

x Not Allowed

8.10.3.3 The re-use of existing buildings is encouraged; dimensional requirements may be modified or waived for re-used structures upon approval from the SPGA. A plan of the entire proposed campus must be included in the Special Permit application.

8.10.3.4 No ME or MTC shall be located within one thousand feet (1,000') of a pre-existing licensed day care facility, public or private school providing education in Pre-K, kindergarten or any of grades one through 12. In addition, no ME or MTC shall be located within five hundred feet (500') of any pre-existing facility where children commonly congregate, including a library. These distances shall be measured from the nearest lot line of the relevant property to the nearest lot line of the property to be used for Marijuana purposes.

8.10.3.5 No ME with an outdoor cultivation component shall be located within five hundred feet (500') of the boundary of a VCRD, as measured to the nearest property line of the ME.

8.10.4 DESIGNATED NUMBER OF MEs AND MTCs

8.10.4.1 The total number of MEs shall not exceed one (1). All allowed activities shall be co-located on one lot.

8.10.4.2 The total number of MTCs shall not exceed one (1). All allowed activities (cultivation, preparation and dispensary) shall be co-located on one lot.

8.10.5 SPECIAL PERMIT REQUIRED

8.10.5.1 No ME or MTC shall be operated or expanded without first obtaining a Special Permit from the Town SPGA in accordance with Section 8.3 of the Protective Bylaw of the Town.

8.10.5.3 A Special Permit shall only be valid for use by the applicant and will become null and void upon the sale or transfer of the license of an ME or MTC or change in the location of the business.

8.10.5.4 In the event that the Commonwealth's licensing authority suspends the license or registration of a ME or MTC, the Special Permit shall be so suspended by the Town until the matter is resolved to the satisfaction of said licensing authority.

8.10.5.5 The Special Permit shall be considered null and void if meaningful construction has not begun on the project within one (1) year of obtaining said permit, as determined by the Building Inspector or their designee(s).

8.10.6 DESIGN REQUIREMENTS FOR MEs AND MTCs

8.10.6.1 Permanent location. Except for outdoor cultivation, all marijuana uses shall be operated from a fixed location within a fully enclosed building.

8.10.6.2 Signage. All signage must comply with the regulations set forth in Section 6 of the Protective Bylaw of the Town and 935 CMR 105(4).

8.10.6.3 Lighting. With the exception of entry driveway lighting, outdoor lighting shall not spread beyond the LOC. All exterior lighting shall not impact surrounding properties and shall be shielded and downward facing. No lighting shall be directed or spread upward towards the sky.

8.10.6.4 Prohibition Against Nuisances. ME's and MTC's shall be located, constructed and operated in such a way to as to minimize noise, odor and environmental impacts. ME and MTC operations shall not create nuisance conditions anywhere on the ME's or MTC's property or on any surrounding properties. "Nuisance" includes, but is not limited to, disturbances of the peace, open public consumption of Marijuana, excessive pedestrian or vehicular traffic, odors emanating from the ME's or the MTC's premises, lighting, illegal drug activity under State law, harassment of passersby, excessive littering, excessive loitering, illegal parking, excessive loud noises, excessive citation for violations of State or local traffic laws, queuing of patrons (vehicular or pedestrian) in the public way (sidewalks and streets).

8.10.6.5 Odor Control and Ventilation. All ME's and MTC's containing an indoor cultivation component shall be equipped with an odor control filtration and ventilation system(s) based on the then current industry-specific best control technologies and best management practices. No operable windows or exhaust vents shall be located on any building façade. Exhaust vents on rooftops shall direct exhaust away from residential uses or zones. The building, or portion thereof, used for Marijuana dispensing shall be designed and equipped to prevent

detection of Marijuana odors and other objectionable odors from within the LOC and beyond. All ME's and MTC's containing an indoor cultivation component shall be ventilated in such a manner, and all ME's and MTC's containing an outdoor cultivation component shall be situated on the property, so that no:

- A. Pesticides, insecticides or other chemicals or products used in the cultivation or processing are dispersed into the outside atmosphere.
- B. No odor from Marijuana cultivation, processing, sale, storage or consumption can be detected by a person with an unimpaired and otherwise normal sense of smell at any adjoining use or adjoining property.
- C. Exhaust systems to control odor shall be designed by a licensed professional air quality/environmental engineer recognized by the Commonwealth.

8.10.6.6 Landscaping. MEs and MTCs shall be landscaped to harmonize with surrounding uses. Landscaping must consist of native, non-invasive, evergreen plant species.

8.10.6.7 Parking. Off-street parking must be adequate for employees, guests, customers and visitors. Parking for MEs and MTCs located in a VCRD shall be located in the rear of the building or on the side of the building with a foot (5') minimum setback from the front face of the building.

8.10.6.8 Fencing. Fencing, in addition to that required by the CCC, may be required if determined necessary by the SPGA. Fencing will be shielded by landscaping with an original height of at least two-thirds the height of the fencing.

8.10.6.9 Drive-Through. No ME or MTC shall be designed with a drive-through feature or provide drive-through service.

8.10.6.10 Surrounding Character. MEs and MTCs shall conform to the character of the surrounding area.

8.10.7 FILING REQUIREMENTS

8.10.7.1 Applications for a Special Permit for a ME or MTC must be submitted to the SPGA. The application package must include seven (7) physical copies and one (1) electronic copy in PDF format provided on a flash drive, CD or similar electronic medium, or transmitted via email. Such applications shall include the following:

8.10.7.2 General Information. Required general information shall

include:

- A. The names, mailing addresses, phone numbers, email addresses, and signatures of the applicant, owner and operator.
- B. Physical address (if one exists) and the map, lot and block number of the proposed site.
- C. Ownership of adjacent land and location of buildings thereon.
- D. Scope of operations detailing the specific activities, hours of operation and scale thereof to take place at the site.

8.10.7.3 Site Plan. All site plans must be drawn at an appropriate scale and be prepared by a professional engineer or licensed surveyor. The site plan(s) must include the following information:

- A. Property lines of the proposed site and all those within six hundred feet (600') of the property.
- B. Elevation contour lines at two-foot vertical intervals.
- C. Outlines of all existing and proposed buildings and structures on the proposed site and those within six hundred feet (600') of the proposed site, including distances from the proposed ME or MTC.
- D. Existing and proposed access roads, driveway openings, public ways, private ways, parking areas, loading areas, and recreational trails on the proposed site.
- E. Delineation of all wetland resources and associated buffer areas in accordance with the Massachusetts Wetlands Protection Act guidelines and regulations.
- F. Locations of rare, threatened or endangered species existing on the site in accordance with the Natural Heritage Endangered Species Program (NHESP) guidelines and regulations.
- G. Proposed changes to the site, including grading, cut and fill, landscaping, native vegetation for screening and vegetation to be removed or altered.
- H. Engineering controls at the site and on the driveway or access road to control erosion and sedimentation both during construction and after construction as a permanent measure. Such engineering controls shall conform to the Massachusetts Department of Environmental Protection's Stormwater Policy.

8.10.7.4 Building Design. Schematic drawings of the ME or MTC showing the proposed interior layout and exterior elevations of the establishment.

8.10.7.5 Security Plan. A security plan shall be submitted to ensure the safety of employees, patrons, and the public and to protect the premises from theft or other criminal activity. The security plan shall be reviewed and approved by the Town's Police Chief, or his/her designee. The Security Plan shall include the following:

- A. An interior floor plan (including secured areas, windows, doors, etc.)
- B. Exterior lighting
- C. Fencing (if any)
- D. Gates (if any)
- E. Alarms
- F. Any other security measures included in the Host Community Agreement.

8.10.7.6 Traffic Study. A traffic study that includes an analysis of traffic generation, circulation, and off-street parking demand to determine sufficient parking and optimum configuration for site ingress and egress shall be submit to the SPGA.

8.10.7.7 Photometric Plan and/or view shed analysis. The SPGA, or their designee, may require a photometric plan and/or view shed analysis, before or after the Marijuana use is in operation, in order to determine compliance with any provision of this Section 8.10 as deemed appropriate by the SPGA.

8.10.7.8 Water Usage Plan. A water usage plan (showing estimated daily and annual water consumption), liquid waste disposal plans and runoff management plans are to be compliant with all applicable local, state, and federal laws and regulations, including but not limited to: the Massachusetts Clean Waters Act, M.G.L. c. 21 §§ 26 through 53; 314 CMR 3.00: Surface Water Discharge Permit Program; 314 CMR 5.00: Groundwater Discharge Program; 314 CMR 12.00: Operation Maintenance and Pretreatment Standards for Wastewater Treatment Works and Indirect Dischargers; the Federal Clean Water Act, 33 U.S.C. 1251 et seq.

8.10.7.9 State License. A copy of the license or registration as a ME or MTC from the CCC or documentation that demonstrates that said facility and its owner/operators qualify and are eligible to receive a Certification of Registration and meet all of the requirements of a ME or MTC in accordance with the regulations adopted by the CCC, as amended. Proof of license may also be accepted from the State Department of Health under certain circumstances for MTCs.

8.10.7.10 Proof of Site Control. Evidence that the applicant has site control and the right to use the site for a Marijuana use in the form of a deed, option, valid lease, or purchase & sale agreement or a notarized statement from the property owner certifying the applicant has firm site control.

8.10.7.11 CCC Submission. Copies of all application and submission materials required to be submitted to the CCC shall also be submitted to the SPGA at the same time they are submitted to the CCC.

8.10.7.12 Waiving of Submission Requirements. The SPGA may not waive any submission requirements except with respect to dimensional requirements concerning the re-use of existing buildings in 8.10.3.3.

8.10.8 DISCONTINUANCE OF USE

8.10.8.1 Any ME or MTC under this Section shall be required to remove all temporary structures, material, Marijuana plants, equipment, and other paraphernalia in compliance with regulations established by the CCC within thirty (30) days after the expiration or voiding of its license.

8.10.9 FINANCIAL SURETY

8.10.9.1. Prior to construction, applicants seeking to construct a ME or MTC shall provide a form of surety to cover the cost of removal and restoration of the site as required in Section 8.10.8 in the event the site is abandoned. The amount and form of surety shall be determined by the SPGA, but in no instance shall the amount exceed one hundred twenty-five (125%) percent of the estimated cost of removal. Applicants shall submit a fully inclusive cost estimate, which accounts for inflation, of the costs associated with the removal of the ME or MTC prepared by a registered professional engineer. Said cost estimate shall be reviewed by the applicant, or any successor, every five (5) years from the date of the final installation and adjusted as necessary. This updated cost estimate shall be transmitted to the SPGA.

8.10.9.2. No less than ninety (90) days prior to the expiration of any financial surety required by this bylaw, the current operator of the ME or MTC shall provide the [Town's Building Inspector](#) with renewed, extended or replacement financial surety in an amount and form determined by the SPGA in accordance with this bylaw.

8.10.10 NO TOWN LIABILITY; INDEMNIFICATION

8.10.10.1 The applicant and all licensees waive and release the Town, its elected officials, employees, and agents from any liability for injuries, damages, or liabilities of any kind that result from

any arrest or prosecution of the ME or MTC owners, operators, employees, clients, or customers for a violation of local, state or federal laws, rules, or regulations.

8.10.10.2 The applicant, in receiving approvals issued pursuant to this Section 8.10, and all licensees, jointly and severally, if more than one, agree to indemnify, defend and hold harmless the Town, its elected officials, employees, attorneys, agents, insurers and self-insurance pool against all liability, claims and demands on account of any injury, loss or damage, including, without limitation, claims arising from bodily injury, personal injury, sickness, disease, death, property loss or damage or any other loss of any kind whatsoever, arising out of or in any manner connected with the operation of any ME or MTC that is subject of the approval/license.

8.10.11 ANNUAL INSPECTIONS OF MEs and MTCs

8.10.11.1 Any ME or MTC operating within the Town shall be inspected annually by the Board of Health and the Building Inspector of the Town, or their designee(s), to ensure compliance with the applicable provisions of this Section 8.10 and with any conditions imposed by the SPGA.

8.10.11.2 The first annual inspection shall be more than one (1) year after beginning operation, but not more two (2) years after beginning operation.

8.10.12 COMPLIANCE

8.10.12.1 License Required. At all times while a permit is in effect the licensee shall possess a valid license.

8.10.12.2 To the extent that the state has adopted or adopts in the future any additional or stricter law or regulation governing the cultivation, manufacturing, testing, research or retail sale of MPs, the additional or stricter regulation shall control the ME or MTC in the Town. Compliance with any applicable state law or regulation shall be deemed an additional requirement for issuance or denial of any license under this Section 8.10, and noncompliance with any applicable state law or regulation shall be grounds for revocation or suspension of any license issued hereunder.

8.10.13 ADVISORY AND TECHNICAL REVIEW

8.10.13.1 The SPGA shall submit all applications for a ME or MTC to the following boards, commissions and departments of the Town for advice on the application:

- A. Planning Board
- B. Board of Health
- C. Conservation Commission
- D. Historical Commission (for projects located in designated historic districts)
- E. Building Inspector
- F. Highway Department
- G. Police Department
- H. Fire Department

8.10.13.2 Upon receipt of an application for a ME or MTC, the SPGA may engage professional and technical consultants, at the applicant's expense, pursuant to M.G.L. Chapter 44 § 53G to assist the SPGA with its review of application materials. The SPGA may direct the applicant to deposit funds with the SPGA for such review at the time the application is accepted and to add additional funds as needed upon notice. Failure to comply with this Section 8.10.13.2 shall be valid grounds for denying the Special Permit application. Upon the approval or denial of the application, any excess amounts in the account attributable to the application process, including any interest accrued shall be refunded to the applicant. (Adopted ATM 08.15.20; Approved AG Office 03.09.21)

SECTION 9 BUILDING PERMITS

A Building Permit from the Board of Selectmen shall be required before the start of construction, alteration or expansion of a building or structure, which will create more than one hundred (100) square feet of area including basement and additional floors. Such a permit shall state that the structure, premises and the proposed use thereof and comply with the provisions of this By-law. All permits shall expire in one (1) year if construction is not substantially started during the period of time, and shall become void if the operation, once commenced, is discontinued for a period of six (6) months or more. The Board of Selectmen shall be notified in writing by the owner fourteen (14) days before a building shall be used or a dwelling occupied. Upon notification, the Board or its representative shall inspect the building for compliance with the building permit and regulations, and issue an occupancy permit within the specified fourteen (14) day period, or instruct the owner which deficiencies, if any, must be corrected.

SECTION 10 AMENDMENTS

This By-law may be amended from time to time at an Annual or Special Town Meeting in accordance with the provisions of Section 6, Ch. 40A of the General Laws.

SECTION 11 SEPARABILITY

The invalidity of any Section or provision of this By-law shall not invalidate any other Section or provision thereof.

SECTION 12 DEFINITIONS

- 12.1 MAXIMUM GROSS FLOOR AREA (GFA):** The sum of all enclosed or covered areas capable of being used or finished for habitable space of each floor of the building, measured to the exterior faces of the enclosing walls, columns, or posts. A space shall be considered “capable of being used or finished for habitable space” if it meets Massachusetts Building Code occupiable ceiling height requirements. (ATM 5.4.15) (AG 11.4.15)
- 12.2 ACCESSORY DWELLING:** A detached freestanding building located along with the principle dwelling unit on the lot shall be allowed as an accessory dwelling.
- 12.3 AGRICULTURAL USE:** Any use of land for the purpose of raising agricultural products, livestock, poultry or dairy products, including necessary farm structures, vehicles and equipment. This use does not include kennels, commercial stables or facilities for the commercial raising of swine or fur bearing animals.
- 12.4 BUILDING:** A roofed or walled structure used or intended for supporting or sheltering any use occupancy.
- 12.5 CUSTOMARY HOME OCCUPATION:** Self-employed resident occupants in their private homes working at an occupation which is limited to the home, carried forth at the home and requiring no more off-street parking facilities that would ordinarily be used by the household, such as dress making, preserving or home cooking, photography, the giving of private music and dance lessons or a one chair beauty parlor. Customary home occupation does not include gift shop, antique shop, art gallery or similar retail establishment.
- 12.6 DWELLING UNIT:** One or more rooms constituting a separate independent housekeeping unit establishment with cooking, living, sanitary and sleeping facilities for the use of no more than one family.
- 12.7 DWELLING, SINGLE FAMILY:** A detached residential building designed for or occupied by one (1) family only, but not including mobile homes and trailers whether placed on foundations or not.
- 12.8 DWELLING, MULTI-FAMILY:** A residential building containing two (2) or more dwelling units.
- 12.9 FAMILY:** An individual or any number of individuals related by blood, marriage or other legal arrangement such as adoption, guardianship, foster care or up to six (6) unrelated individuals living in a single dwelling unit.
- 12.10 FRONTAGE:** That boundary of a lot, which lies along a road.
- 12.11 LOT:** An area of land in one ownership with definite boundaries, used or available for the use as the site of one or more buildings.

- 12.12 MUNICIPAL USE:** Any Town of New Marlborough use of land in accordance with the General Laws governing municipal powers and functions including participation in regional uses.
- 12.13 ROAD:** a. A public way or way which the Clerk of the Town certifies is maintained and used as a public way, or b. A way shown on a plan theretofore approved and endorsed in accordance with the subdivision control law, or c. A way in existence when the subdivision control law became effective in New Marlborough on March 8, 1965 having, in the opinion of the Planning Board, sufficient width, suitable grades, and adequate construction to provide for the needs of vehicular traffic in relation to the proposed use of the land abutting thereon or served thereby, and for the installation of municipal services to serve such land and the building erected or to be erected thereon.
- 12.14 SETBACK:** The area of a lot extending inward from a lot line (or, in the case of front setback, the road line), for the distance specified in the zoning regulations in which no building or structures may be placed.
- 12.15 SETBACK, FRONT:** An area extending across the full width of the lot
- 12.16 SETBACK, REAR:** An area extending inward from rear of the lot between the side lot lines.
- 12.17 SETBACK, SIDE:** An area extending along a side lot line from the frontline to the rear line.
- 12.18 STRUCTURE:** Any construction, erection, assemblage or other combination of material upon the land necessitating pilings, footings, or a foundation for attachment to the land, including swimming pools and recreational courts.
(Approved ATM 05.06.19; AG 11.19.19)
